CUSTOMER AGREEMENT:

The product(s)/system(s) at the above address has been selected and installed in accordance with guidelines established for the utility rebate program. The customer understands that prior to the issuance of any payment, the equipment may be inspected and approved by the utility. The customer shall observe and comply with all ordinances, laws, and requirements of all units of government and governmental agencies having jurisdiction over the work to be performed. The utility does not guarantee that the equipment funded under this program will result in energy savings. In no event shall the utility be liable for any incidental or consequential damages.

LED LIGHTING INCENTIVE PROGRAM

READY TO SAVE MONEY AND REDUCE ENERGY CONSUMPTION? HERE'S HOW:

Only approved equipment is eligible for energy efficiency rebates. After purchasing and installing qualifying equipment, please follow these simple instructions:

1. The LED lighting purchaser must be an electric customer of IL&P,T.
2. The LED lighting must be ENERGY STAR® qualified or be on the Department of Energy qualified product list. Decorative light strings, rope lighting, and non-ENERGY STAR qualified bulbs are not eligible for this rebate. For a list of qualified LED lighting options, visit www.energystar.gov.
3. This rebate application must be turned in within 60 days of the receipt/invoice date with product cutouts (portion of packaging) for each item. Product cutouts must confirm product type, brand, model number, and ENERGY STAR qualification. Rebate per lamp/bulb shall be 50% of the purchase price with a maximum rebate of $10 per lamp/bulb.
4. Maximum total rebate per household shall be $200.
5. The sales receipt must accompany the rebate form.

Please allow 6-8 weeks for payment. Missing information may delay processing.

PROGRAM TERMS & CONDITIONS

This rebate program is being offered by Independence Light & Power, Telecommunications which will be referred to as "the utility" throughout this document.

Applicant must be a current customer of the utility, and the utility must provide the primary fuel for which the rebate is being offered.

The utility does not guarantee that the installation and operation of energy efficiency equipment will result in reduced usage or demand or in cost savings. The utility makes no warranties, expressed or implied, with respect to any equipment purchased and/or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall the utility be liable for any incidental or consequential damages or injuries resulting from defective equipment or installation.

The rebates are offered on a first-come, first-served basis. The utility reserves the right to cancel or change these programs at any time. The utility's acceptance of this application does not guarantee payment of the incentive. Prior to any payment of rebates, the utility reserves the right to verify sales transactions.

The utility will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of rebates.

The utility does not endorse any particular manufacturer, product, system design, claim or retailer in promoting this program.
